

# Harvest Time

Each player takes a farm map. On your turn roll the dice twice and use the numbers to find the co-ordinates on the game board below (the first number is the across number, the next is the up number.) Place the crop/animal into one of your fields (you may either draw or write it). If you roll a 'new fence' space you can split ANY unfilled field into two by drawing a fence across it (this gives you an extra field.)

The yield of each crop/animal is shown on the grid below but check the bonuses underneath to see ways to increase your yield. Think carefully where to put each crop/animal to earn the most money.

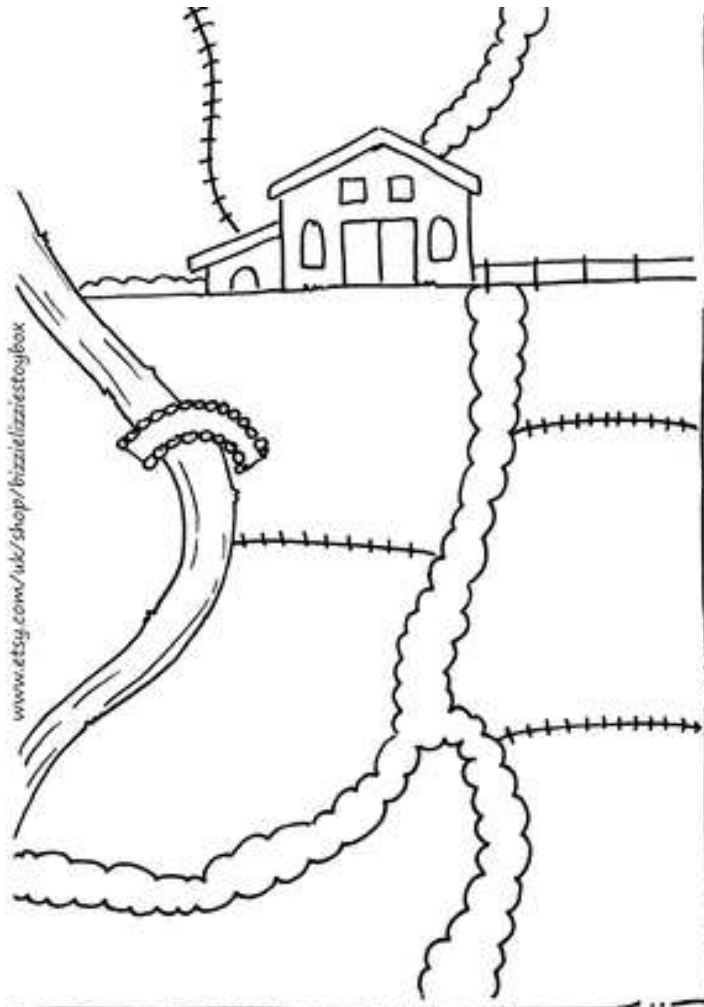

The game ends when a player rolls a double 6 or when all players have filled all their fields. At the end of the game players add up their total yield, whoever earned the most money is the winner.

6	Hay 10 Sunflowers 60	Bees/Honey 80	Strawberries 50	Chickens 60	Harvest Time	
5	Potatoes 20	Pumpkins 80	Cattle 50	Carrots 30	New Fence	
4	Alpacas 50	Salmon 100	Christmas Trees 90	New Fence	Oats 20	
3	Oats 20	Lettuce 30	New Fence	Rabbits 30	Goats 30	
2	Daffodils 40	New Fence	Cattle 50	Grapes 90	Apple Trees 40	
1	New Fence	Sheep 70	Wheat 20	Chickens 60	Pigs 60	
	1	2	3	4	5	6

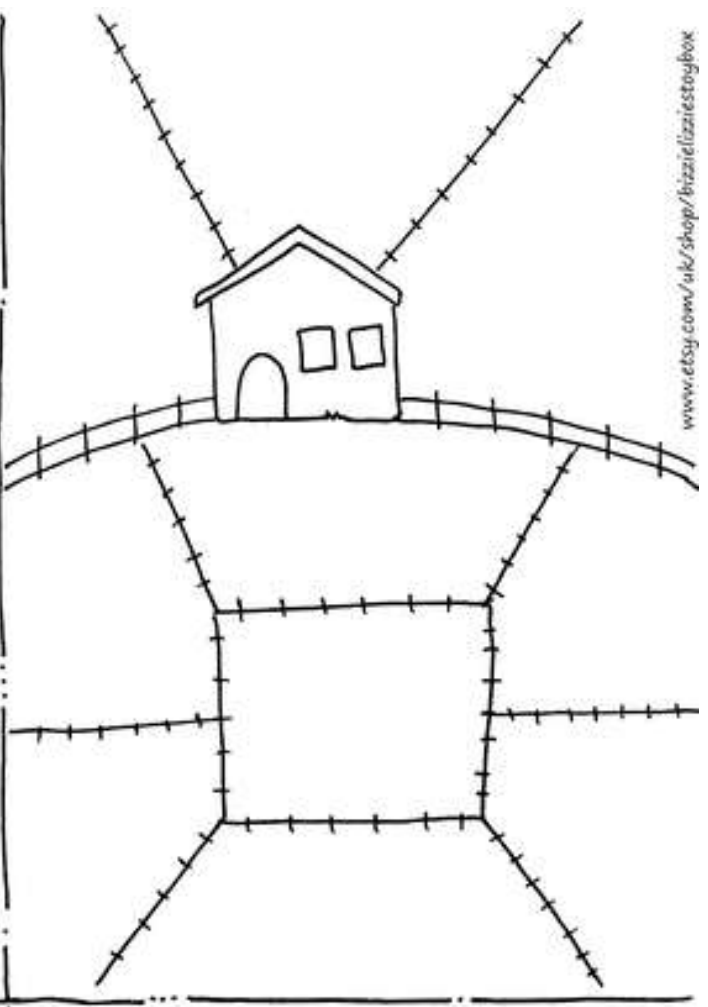

BONUS

www.etsy.com/uk/shop/bizzielizziestoybox

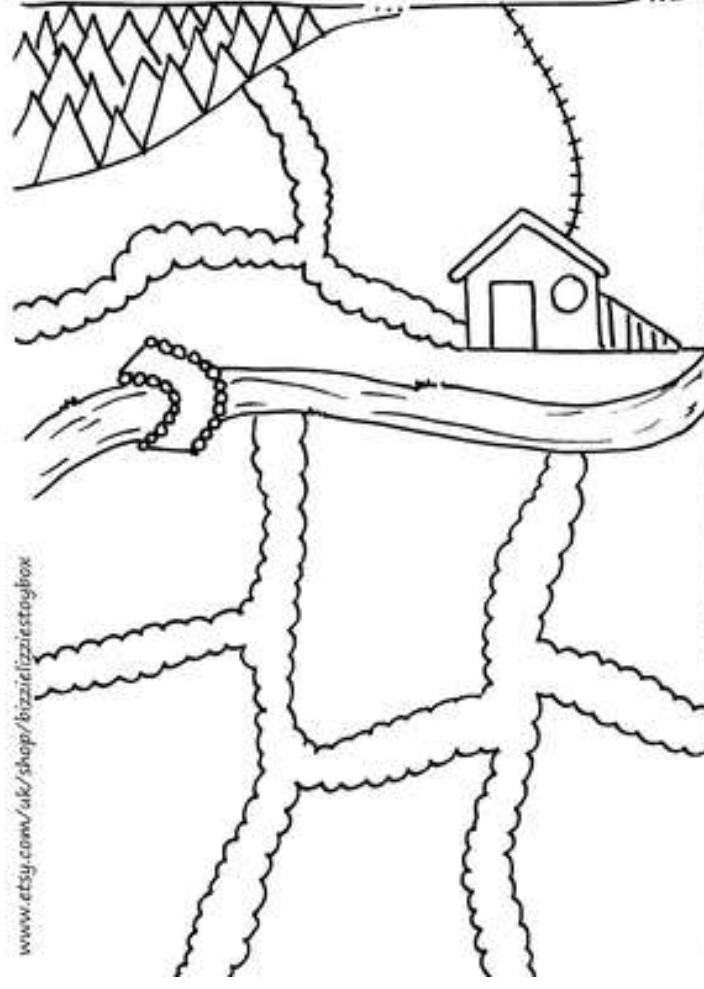

- \* Double the yield on both fields if two crops/animals the same are next to each other
  - \* Double the yield on livestock () is a feed () is grown next door.
  - \* Double the yield on beeds if flowers () are grown next door.
  - \* Double the yield on fertilised crops () if bees are kept next door.
- !Next door means the two fields MUST be touching (seperated only by a fence, NOT diagonal!

## **Fiddlesticks Kids**

Digital Download

### **Printing Tips**

To create a tactile finished item I highly recommend printing onto high quality paper, I like to use watercolour paper as the texture is beautiful to handle.

For more ideas on ways to use this set, take a look at our instagram account @fiddlesticks.kids

### **Terms of Use**

All the illustrations included in my products are lovingly hand-drawn and painted by myself (Rebecca Brewster). Each file you purchase may be printed as many times as you like for your own personal use. This includes use by yourself and your own family. They may be used for children you look after (childminders/babysitters), any clubs you run (including Sunday schools) and any school classes that YOU teach. You may give printed copies as gifts or party favours.

To help me keep my prices low please do not share the downloaded files with others or allow other people to make copies of the printed product. Instead direct them to my shop or instagram so they can discover our original products for themselves

You may not alter or resell these files in their original format or anything using my original artwork without express written consent and additional licencing (this includes for charities)

You can contact me to discuss extra licencing for example charity fundraisers (normally free of charge), selling as colouring sheets, school fairs, independent shops, creating products using my art or 'whole school' licencing - my prices are usually very reasonable.

### **Show Me What You're Doing**

I love to see what you are doing with my work, if you put together any lessons or displays using it please tag me @fiddlesticks.kids on instagram. All tags are entered into a monthly prize drawer for a £10 shop voucher. You will also get to see sneak peaks of upcoming art as well as access to freebies and special offers.
